DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Applicant's REMARKS/ARGUMENT, filed 10/21/2009, with respect to the rejection(s) of claim(s) 50-113 under Gustin in view of Wensink under the newly amended claims have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, the following 35 U.S.C. 112 Rejections remain of claims 52, 63, 65, 72.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 52, 63, 65, 72, 78,79, 80, 81, 82, 84 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claims 52, 63, 72 and at least 78-80, use the limitation of "if" which in processes (e.g., flowcharts) represents a decision to perform a function, or in the alternative, perform another function [e.g., "IF yes THEN Do (some function) otherwise (or IF no THEN) Do (some other function)"]. In the aforementioned claims, the applicant presents a positive function, but fails to mention the alternative. It is suggested that the applicant substitutes "when" for "if--

Re claim 65: The claim uses "and/or" which is confusing because "and" is normally a conjunction that can be interpreted as something "included" whereas "or" can be interpreted as

something “excluded” from or in the alternative to. By having both within the claim, it is unclear what the applicant is trying to actually claim.

Re claim 81, 82 and 84: the claims uses “adapted for” language which is considered optional [see MPEP 2106.01]

Allowable Subject Matter

4. Claims 52, 63, 65, 72, 78, 79, 80, 81, 82, 84 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
5. Claim 50, 51, 53-62, 64, 66-71, 73-77, 83 85-113 are allowed.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
